## ABOUT SUNCOAST LOUVERED ROOF

Suncoast has been manufacturing outdoor products for over 30 years. Randie James started Suncoast Enclosures out of his home in Sherwood Park Alberta in 1991. Suncoast has now grown into a large network of corporate offices and dealers spanning across Canada and the United States.

All of our products have been tested and proven in the most harsh climates. We work with industry experts to remain on the cutting edge of technology while maintaining the highest quality available.

## FEATURES & RATINGS

- Designed and **engineered to stand up to the Canadian weather**. Every Louvered Roof will be engineered to withstand your local snow and wind loads
- Louvers can remain **closed for the winter** if you would prefer to keep the snow out of your space
- Our **integrated gutter** system collects and sheds the water when the Louver blades are closed
- Every Louvered Roof is powder coated to deliver a truly **maintenance free** product
- **Completely Custom**. There are limitless options for the size and shapes of our Louvered Roofs. We love working with clients to design something that looks amazing and delivers the right functionality for their space

## SMART HOME CAPABILITY

1. Download our app and operate your Louvered Roof from anywhere in the world
2. Voice recognition capability through smart home products
3. Integrate with your current home control system

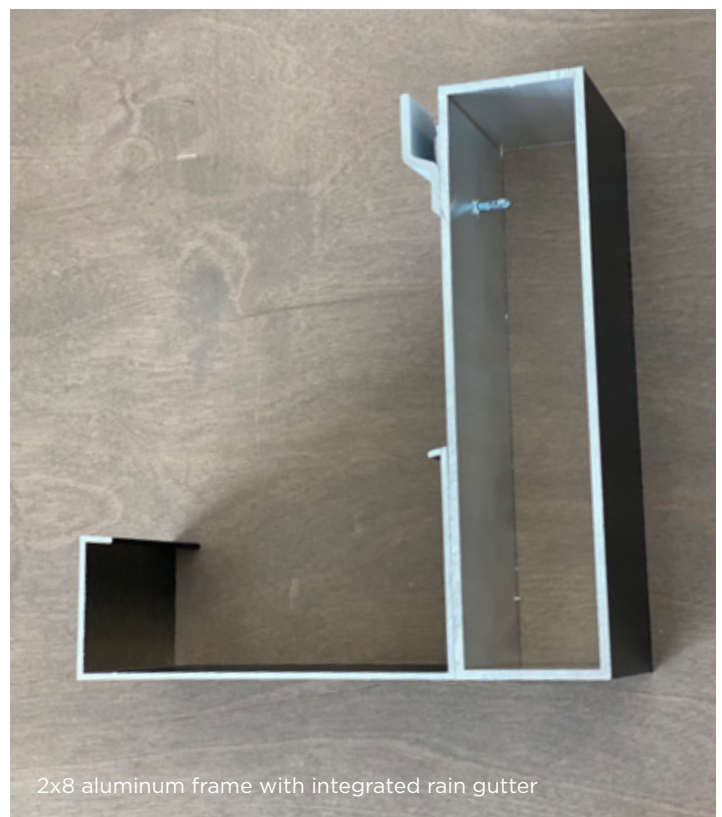

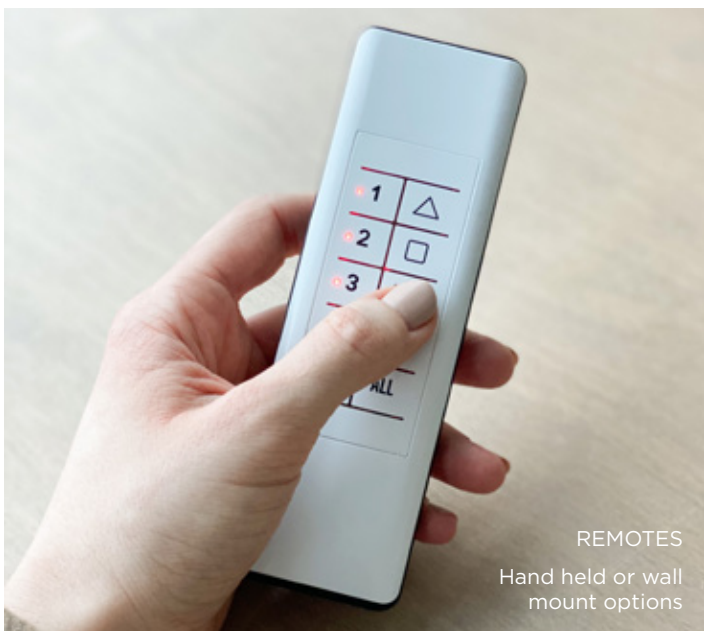

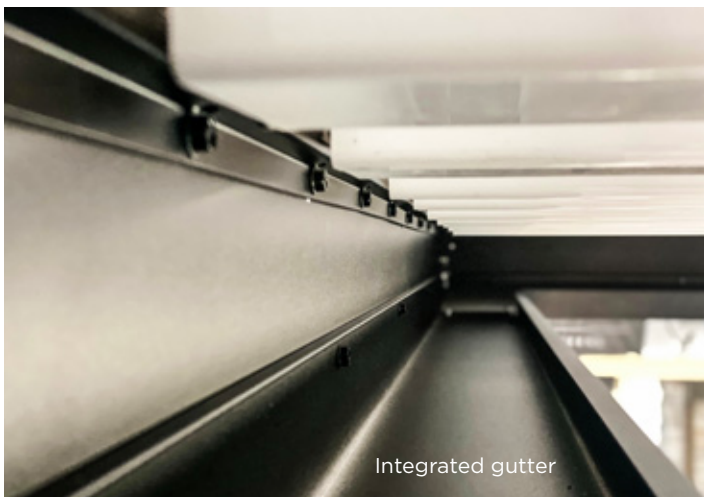

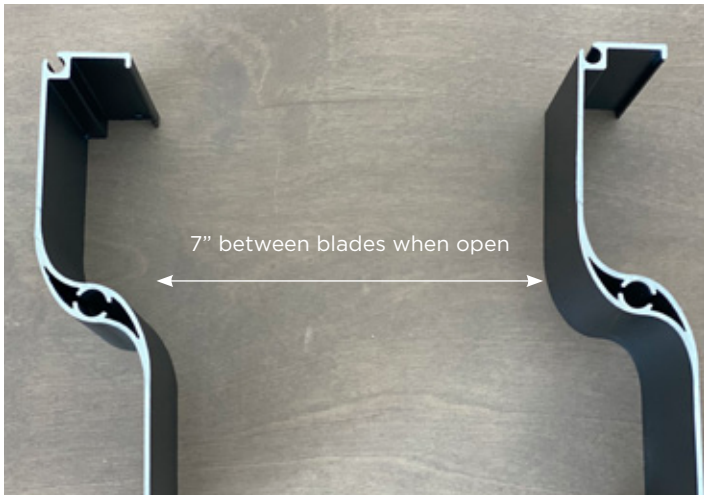

## INDUSTRY LEADING WARRANTY

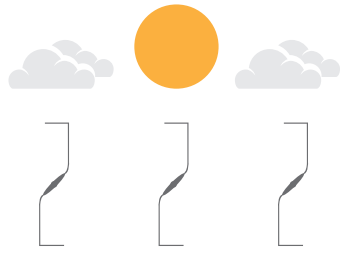

Due to the high quality of our components, we proudly offer the best warranty in the industry.

- **10 Years** on all materials
- **5 Years** on mechanical and motors
- **1 Year** guarantee on all workmanship

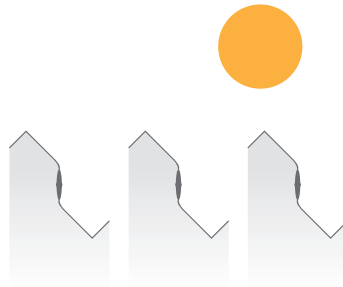

Warranty covers manufacturers defects, regular wear and tear, and any other incidentals that are not caused by misuse of the product.
